

LETI WORKSHOP @ SEMICON WEST

## SENSING YOUR FUTURE WITH LETI

JULY 12, 2016  
W HOTEL, 181 3<sup>RD</sup> ST., SAN FRANCISCO

## Sensing your future with Leti

Come and discover Leti's complete portfolio of sensor technologies for automotive, advanced manufacturing, security, bio & health and smart buildings.

Tuesday, July 12 from 5 - 9 pm  
Hotel W, San Francisco (near Moscone Center)

[> REGISTER](#)

### Program

Leti's experts will present their latest achievements and technology roadmap for sensing.

**Welcome/Introduction – Leti at a glance**  
Marie Smeria  
Leti's CEO

**Sensors at Leti: Latest results and roadmap**  
Speaker to be defined

**Towards NEMS sensing**  
Jean-Philippe Polizzi  
MEMS Program Manager

**Biomed & Medtech: New opportunities for MEMS**  
V. Agache  
MEMS expert

**Challenges in materials and technologies for MEMS**  
F. Martin  
Senior Materials Scientist

**Leti-3S: Easy access to our advanced silicon platform**  
Eric Rouchouze  
Leti 3S Program Manager

*The workshop will be followed by a networking event.*
